- Photography
- Bike Ridings

EXPERIENCE

Mern Stack Developer Intern
Lemolite Technologies LLP
08/2024 - 01/2025   *Ahmedabad*

Mern Stack Developer
Lemolite Technologies LLP
02/2025 - 05/2025   *Ahmedabad*
Fulfilling Responsibilities

- Developed full-stack web applications using **React.js** , **Next.js** , **Node.js** and **MongoDB** , ensuring responsive design and performance.
- Built and maintained scalable REST APIs with **Express.js** and integrated **Socket.IO** for real-time functionality.
- Designed clean, user-friendly interfaces with **Tailwind CSS**, **Material UI**, and **Styled Components**, following modern UX practices.
- Worked with **TypeScript** and **Git** in an Agile environment, focusing on clean code, reusability, and collaboration across teams.

PROJECTS

Go Din Din - Backend (04/2025 - Present)
- Developed **Authentication Module** , implementing Google sign-in, OTP-based login, OTP resend, and verification for secure user access
- Built **Category Management**, **Profile Management**, and **Product Management** modules, enabling multi-level category management, user and business info management, and full CRUD operations for product listings.

Zirotix (01/2025 - 04/2025)
- Developed **Role-Based Authentication** using **React.js** and **react-router-dom**, ensuring secure access control based on user roles.
- Integrated **Real-Time Notifications** using **Socket.IO**, enabling instant updates and alerts across the application for a dynamic user experience.

Peliswan CRM (12/2024 - Present)
- Developed **Staff Management Module** , enabling efficient tracking of team roles, performance, and task assignments.
- Created **Lead Management Module** to streamline lead tracking, assignment, and follow-up processes for the sales team.
- Built **Sales Target Module** and implemented a **Real-Time Dashboard** for monitoring KPIs, improving decision-making with live updates.

Nextstaff (02/2025 - Present)
- Developed the **Authentication Module**, **Employee Management Module**, and **Roles and Permissions Module** using **Next.js**, ensuring secure access control and efficient employee data management.
- Built a **Calendar Module** for scheduling and a **Meeting Room Module** , enabling seamless booking and real-time availability tracking.

EDUCATION

Bachelor of Engineering
Government Engineering College
2020 - Present   *Modasa*
Computer Engineering
- CGPA : **8.59**   CPI : **8.31**

ACHIEVEMENTS

Star Of The Year (2024)
