EXPERIENCE

Mern Stack Developer Intern
Lemolite Technologies LLP
05/2024 - 07/2024   *Ahmedabad*

Mern Stack Developer
Lemolite Technologies LLP
08/2024 - 08/2025   *Ahmedabad*
Fulfilling Responsibilities

- Developed full-stack web applications using **React.js**, **Next.js**, **Node.js** and **MongoDB**, ensuring responsive design and performance.
- Built and maintained scalable REST APIs with **Express.js** and integrated **Socket.IO** for real-time functionality.
- Designed clean, user-friendly interfaces with **Tailwind CSS**, **Material UI**, and **Styled Components**, following modern UX practices.
- Worked with **TypeScript** and **Git** in an Agile environment, focusing on clean code, reusability, and collaboration across teams.

PROJECTS

Taskmate (06/2025 - Present) ↗
- Developed **TaskMate**, an **AI-powered productivity and business automation platform** featuring real-time task management dashboards, custom end-to-end authentication with JWT access/refresh tokens, and third-party login.
- Built integrated **lead generation, AI web search, bulk email automation, event reminders, in-app and push notifications**, streamlining outreach, engagement, and workflow management.

Zirotix (01/2025 - 04/2025)
- Developed **Role-Based Authentication** using **React.js** and **react-router-dom**, ensuring secure access control based on user roles.
- Integrated **Real-Time Notifications** using **Socket.IO**, enabling instant updates and alerts across the application for a dynamic user experience.

Peliswan CRM (05/2024 - Present)
- Developed **Staff Management Module**, enabling efficient tracking of team roles, performance, and task assignments.
- Created **Lead Management Module** to streamline lead tracking, assignment, and follow-up processes for the sales team.
- Built **Sales Target Module** and implemented a **Real-Time Dashboard** for monitoring KPIs, improving decision-making with live updates.

Nextstaff (06/2024 - Present)
- Developed the **Authentication Module**, **Employee Management Module**, and **Roles and Permissions Module** using **Next.js**, ensuring secure access control and efficient employee data management.
- Built a **Calendar Module** for scheduling and a **Meeting Room Module**, enabling seamless booking and real-time availability tracking.

EDUCATION

Bachelor of Engineering
Government Engineering College
2020 - 2024   *Modasa*
Computer Engineering
- CGPA : **8.59**   CPI : **8.31**
